

Environment & Sustainability Policy Statement

At Senerca, we are committed to adopting and promoting environmental good practice throughout our business to operate in a sustainable manner.

The reduction of our environmental impacts and continuous improvement in our environmental performance are an integral part of our business strategy and operating methods.

OUR COMMITMENT

- Maintain, as a minimum requirement, the ISO 14001 Environmental Management System as the framework on which to continually improve our environmental performance.
- Protect the environment by preventing pollution and promoting activities that help mitigate the effects of climate change.
- Comply with or exceed the requirements of all relevant environmental legislation and codes of practice and compliance obligations.
- Make efficient use of natural resources, including gas, electricity, and water to help reduce our carbon footprint.
- Operate effective procedures for the reduction, reuse, and recycling of waste and for the safe storage and disposal of waste that cannot be avoided.
- Work in partnership with our suppliers to promote effective environmental supply management, encourage sustainability and wherever possible purchase products and services that have the least impact on the environment.
- Assess the environmental impact of any equipment, process, or product we intend to introduce in advance.
- Ensure the effective implementation of environmental policies and procedures by providing appropriate information and training to our employees and encourage their participation in environmental improvement activities.
- Establish environmental targets and objectives and report our performance against them.
- Address complaints about any breach of our Environmental Policy promptly and to the satisfaction of all interested parties.
